1. APOLOGIES

Cllr Alford, Cllr Irons.

2. DECLARATIONS OF MEMBERS' INTERESTS

None.

3. PUBLIC PARTICIPATION

None.

4. DESIGN, PLANS, MATERIALS

Cllr Roberts has done some more detailed specifications on the plan that Ben Dance supplied. He estimates that if concrete is used, 91 cubic metres will be required. Using concrete will have implications for permanency of the structure, planning requirements and cost.

It was agreed to ask for quotes for both timber and concrete materials to compare costs. Agreed to use the design that had been submitted by Ben.

5. SKATE PARK – FUNDING IDEAS

The application to the Pocket Play Parks was unsuccessful; one has been submitted to Sport England and we are waiting to hear about this. A list of other potential sources will be followed up.
