

Calstock Parish Council

Canoe Storage Regulations

Aim

To manage the allocation of canoe/kayak storage in Calstock Village and keep the Waterfront area tidy and free of abandoned vessels. The Parish Council has limited storage available to rent out to parishioners; this needs to be allocated fairly.

Agreement

1. Canoe storage will annually be allocated from 01 August: renewals and fees must be paid within 28 days.
2. Storage fees will be £50 per annum, failure to pay within 28 days of a notification for renewal will result in a vessel being removed and the space re-allocated.
3. Eligibility for storage will initially be for those people who live within the Parish Council boundary.
4. Allocation will be considered based on one storage space per household – should more than one application be received for one household and there is no waiting list the second applicant shall be allocated a space.
5. Storage slots are non-transferable and are for the use of the applicant only and cannot be sublet or given away by any means to other individuals or organisations.
6. The Parish Council cannot and will not accept any liability for loss of -or damage to- any vessel stored or moored with us. It is recommended that you seek your own liability, or full cover insurance.
7. Steps may be taken to protect vessels but any modifications to storage slots must not inconvenience anyone else, nor restrict their storage space, nor prevent access to and from the storage space.
8. Vessels left on the Waterfront without a storage agreement will be removed after a 28-day notice period (in line with the Parish Council's Abandoned Item's Policy).
9. Abuse of the storage rack may result in revocation of the storage slot at the discretion of the Parish Council and without recourse or refund.
10. Whilst a specific slot cannot be requested, vessels will be given a sticker and they should use the corresponding numbered slot for their storage.
11. The licence sticker must be visible at all times and correspond to the numbered space on the rack or underside area.
12. This agreement will be reviewed at least annually by the Waterfront Committee and may be subject to change.
