Calstock Parish Council Grant Awarding Policy and Procedure

Introduction to Policy

Calstock Parish Council wishes to support activities and causes which benefit the Parish of Calstock or the residents of the Parish. A grant is any payment or gift made by the Parish Council to an organisation for a specific purpose. There is an annual amount of £5000 set in each financial year for the provision of grant requests. Once this has been used then it will be at the Council's discretion if any further grants are to be awarded.

Objective

The Parish Council awards grants, at its absolute discretion, to organisations which can demonstrate a clear need for financial support to achieve an objective which will benefit the Parish by:

- Providing a service,
- Enhancing the quality of life,
- Improving the environment or helping with nature recovery
- Promoting the Parish of Calstock in a positive way.

Eligibility

The following criteria must be met for a group to be considered for a grant:

- The group must be a local charity, voluntary or community organisation.
- The group must be able to demonstrate that any funding from the Parish Council will directly benefit residents of Calstock Parish
- The group must be formally constituted with a set of accounts and have a management committee (or similar) made up of volunteers.

Individuals, businesses, religious groups or political parties are **not normally** eligible for grant funding.

This list is not exclusive and may be added to at the council's discretion.

Conditions

It is unlikely that more than one application for a grant from one organisation will be considered in any one financial year.

Ongoing commitments to award grants in future years will not be made. A fresh application will be required each year. This grant will be at the discretion of the council.

The Parish Council reserves the right to reclaim any grant not being used for the purpose specified on the application form. The Clerk of the Parish Council will require verification that the monies have been spent accordingly with evidence of receipts required.

Each grant will have a set time scale in which the monies will need to be spent.

Commented [1]: why "normally"? why not just not eligible?

Commented [2R1]: We have been known to give an individual money for Calstock Steamboat Rally...and just occasionally it may be useful?

Application Procedure

Organisations requesting financial assistance for amounts more than £50 are required to:

- Complete an application form enclosing evidence of bank accounts and statements (for both current and savings accounts) for the group making the application. On larger applications the council may require further information and approved accounts.
- A copy of your organisation's agreed written constitution or Memorandum of Association and a website address where it can be viewed.
- Applications are accepted quarterly by the Finance Committee – each request must be in by the end of March for an April decision, end of June for a July decision, end of September for an October decision and end of December for a January decision. The Finance Committee *may* need to refer to the Full Council for authorisation.
- Each application will be assessed on its own merits however to ensure as fair a distribution as possible of available funds, the Parish Council will consider the amount and frequency of any previous awards and the geographical spread within the Parish.
- The application should evidence the numbers of local residents who will benefit and/or supply the numbers of members who live within the parish boundary (in the case of groups with membership).
- The Parish Council may make the award of any grant or subsidy subject to such additional conditions and requirements as it considers appropriate.
- The Parish Council reserves the right to refuse any grant application which it considers to be inappropriate, or against the objectives of the Council.
- A grant award must only be used for the purpose stated on the application – if the organisation is unable to use the money – or part of it – for the purpose stated they should return the money or make a request in writing to keep the remainder for another, specific, purpose.
- The Parish Council will request proof of expenditure.
- Where equipment is gifted to an organisation, the Parish Council requires that it be insured and maintained at the expense of the user (unless a different arrangement has been recommended and approved by the Recreations/Amenities Committee and/or Full Council).

The Environment and Climate Emergency Committee will reserve the right to make a donation to an organisation who is undertaking work to benefit the environment, particularly at a local level, so long as the amount requested does not exceed Committee's approved budget. In such cases the above application process will not be required but a record of the Committee's approval will be minuted. Only in exceptional circumstances will any money be paid to an individual and not a constituted group.

For requests of £50 or under a letter detailing the organisation and objective(s) of the grant will be required.

Promotion

The Parish Council will ask for recognition from successful groups in the form of the promotion of the Parish Council in the organisation's newsletter, press release or on relevant social media pages. The Parish Council will also recognise successful groups in its own reports or media releases.

Nothing contained herein shall prevent the Parish Council from exercising, at any time, its existing duty or power in respect of providing financial assistance or grants to local or national organisations under the provisions of the Local Government Act 1972, section 137.
